

June 16, 2020

Mindy and Leah have both been teachers to my daughter for Pre-K. Mindy was the lead teacher and Leah was the assistant. They were a huge blessing for me in the fact that I knew my daughter was very well loved and cared for and that she was always excited to go to school! That doesn't even cover all the learning she acquired and how she grew in her faith while at preschool!

I was always so impressed with all the knowledge my daughter absorbed because of Mindy and Leah's ability to make learning fun! There was always movement, song, fine motor and exploratory options involved in the learning process and her faith walk. The class would come together for big group learning but would also break off into smaller groups for more individualized attention.

Mindy has a heart for teaching young kids and it's evident in her teaching. She is always coming up with fun ways to engage and teach her students, she has magical ways of keeping kids focused, she sings songs to her students, she ties in prayer to everything, and does a great job of communicating with parents.

Leah also loves teaching young children. She is very creative in all things, very calm in the midst of what can sometimes be chaos, is always coming up with ways to encourage and compliment each student, and is always tying in ways to point to God.

I couldn't recommend them both enough! You would be lucky to have them teach your children!
